Order Information

PRE-PAYMENT

When we have registered your payment, your order will be sent to production. Estimated production days first counts from that day.

EXPECTED PRODUCTION TIME

The expected production time varies from 5-15 working days, depending on which products you have ordered. Your order will be shipped when all products are ready. You can see the expected number of production days in the price list sheet next to product type.

NON-RETURNABLE

There is no right of return on our hardware. There are two reasons for this:

- All products are assembled and finished by hand in our workshop for each order.
- The patina process starts as soon as the handles are finished.

MADE OF SOLID BRASS & BEARINGS IN ONE SOLID PIECE

All our metal parts are made of solid brass. Then they are surface treated to get the desired surface finish. Unlike many others, we have chosen to produce our bases in one solid piece of brass, as we want to produce handles of the highest quality with stability and longevity.

SIGNATURE (30 / 20 / slim)

The idea behind our SIGNATURE hardware collections is that you can individualize the look of the handles due to the many material options, sizes, and combinations. The handles are designed to complement each other throughout our home. We have 3 different 'base' families with backplates in Ø30 mm, Ø20 mm and Ø16 mm..

SIGNATURE 30

This was our first and original collection and has a base backplate with a diameter of 30 mm and a crossbar with a diameter of 13 mm.
